CONFIRMATION OF THE AUDIT

ON THE SERVICES-RELATED INTERNAL CONTROL SYSTEM
ACCORDING TO ISAE 3402 TYPE 2 FOR THE PERIOD JANUARY 1,
2024 TO DECEMBER 31, 2024

January 30, 2025

We, BDO Assurance GmbH Wirtschaftsprüfungs- und Steuerberatungsgesellschaft, hereby confirm that we carried out an audit on the service-related internal control system (ICS) in accordance with IWP/PE 14 respectively ISAE 3402 (Type 2) with regard to ANEXIA's IT Managed Hosting services Anexia Dynamic Compute (ADC) and Anexia Dynamic Storage (ADS) provided by ANEXIA Internetdienstleistungs GmbH for its customers for the period January 1, 2024 to December 31, 2024.

We documented the assignment, the procedure, the basis for the audit and the audit results in the Independent Auditor's ISAE 3402 Assurance Report dated January 30, 2025 and refer to its contents as well as the limitations of use and liability stated therein. Our opinion was formed on the basis of the criteria set out in the Independent Auditor's ISAE 3402 Assurance report.

In our opinion, the controls we tested were sufficiently designed, implemented, and effective to provide reasonable - but not absolute - assurance that the specified controls and control objectives (section IV in the report) were met during the period from January 1, 2024 to December 31, 2024.

Note: This document is solely a confirmation of the audit. It only shows an extract of the Independent Auditor's ISAE 3402 Assurance Report dated January 30, 2025 and has therefore to be assessed together with the whole report.

Mag. Peter Alfred Gruber
Public Accountant,
